DETAILED ACTION

1. Claims 1-8 and 39-50 are pending. The previous rejections are withdrawn pursuant to Applicant's December 31, 2004 Amendment and REMARKS.

Claim Rejections - 35 USC § 103

2. Claims 1-8 and 39-50 are rejected under 35 U.S.C. 103(a) as being unpatentable over Salmon et al., US 5,897,620.

Salmon discloses a real-time computer implemented method comprising offering a plurality of deals for at least one product, e.g. database 200, Fig. 2a-f, and service offered by at least one seller including a plurality of price and non-price buying criteria, e.g. col. 9, lines 14-21. Salmon does not disclose the term distribution. It is note that distribution of products and services are inherent with the business community.

Nonetheless, to have provided non-price distribution criteria for Salmon would have been obvious to one of ordinary skill in the art. The motivation for having done such would have been the incorporation of common knowledge product distribution criteria in the transfer of goods from seller to buyer.

Applicant's REMARKS have been reviewed, but are moot in light of the new grounds of rejection.

3. Further pertinent references of interest are noted on the attached PTO-892.

Seymour et al., US 6,871,190, discloses examples of some notoriously well known price and non-price e.g. car color, buying criteria.

Mandler et al., US 6,785,661, discloses examples of some notoriously well known price and non-price e.g. risk classification, buying criteria.

Conclusion

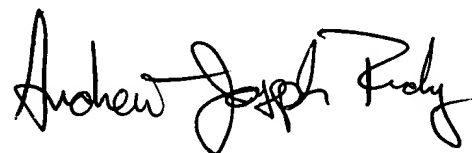

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
